C1) Which of these options should be INCLUDED in the Community Engagement Session work session in February?

Renovate + and Rebuild A

C3) Is there an additional option or combination of options that should be investigated?

Is parkland on the table for use? could present different new build options

C4) What additional information do you need for the upcoming 4th building team meeting?

I'm curious about the cost difference between the renovate + option and the Rebuild A option

C5) Other comments:

Option Rebuild B seems like a logistical nightmare.
