

Create a Parent Observer Account in Canvas

This is a process that will require both the student and the parent to help each other. Students will generate a code from their student account and share it with the parent/guardian. Below you will find the steps each need to perform.

Student Steps	Parent/Guardian Steps
<p>Log in to your Student Canvas account from https://uaschools.instructure.com</p>	<p>Go to https://uaschools.instructure.com/login/canvas</p>
<p>Click Account>Settings</p> 	<p>Click the "Click here for an account link"</p> 
<p>Click Pair with Observer</p> 	<p>Complete the form and enter in the pairing code your student gave you.</p> 
<p>Share the code with your parent/guardian. <i>This code will only remain active for 7 days.</i></p>	<p>Go back to the https://uaschools.instructure.com/login/canvas log in page and log in.</p>
	<p>Observe Multiple Students: Once you have successfully created your account with your first student, click on Account>Observing and then add the pairing code for your next student. Repeat for all of your students.</p>
