

Class Party Rules

- Students should sign in at the entrance to the party. No guests or other family members are allowed to attend unless there is a prior arrangement with an administrator.
- If the party is inside Jones, students will need to enter through the Coventry Rd. doors.
- No one is allowed to enter past a half hour late or leave early without their parent's presence. Parents need to pick up their own child unless other arrangements have been made between the parents.
- Once a student leaves Jones, they are no longer the schools responsibility.
- Students need to obtain parent permission to leave the party early. An administrator or counselor will need to speak to a parent.
- The only students able to attend a class party are those in the particular grade level and have paid their class fees.
- If students bring coats, they are to be stored in Room 152. There will be no student access to this room during the party without supervision.
- Students do not need to leave the building to make cell phone calls. They may use a school phone if necessary.
- All other school rules apply, including dress code.
