

LANE AVENUE PLANNING STUDY

The Lane Avenue Planning Study has been commissioned to take a detailed look at the Lane Avenue corridor and business district to better understand the impacts of future growth, and put in place a framework to guide this growth in a way that best benefits the community.

Public Meeting

6-7:30 pm, Thursday, December 12

Municipal Services Center, 3600 Tremont Road

Please join representatives of OHM Advisors and City Staff for a presentation summary of the public engagement activities held in the fall. This will include:

- The activities used to engage the public and to solicit ideas for the vision of the corridor;
- Summarized results of the feedback received;
- An analysis of how the findings can be used to help guide and shape a vision for the corridor's streetscape and appearance;
- Details of the study's next steps;
- Future public engagement opportunities, at which time draft recommendations will be presented for public review and feedback.

At the conclusion of the presentation, City Staff and the planning team will be on hand to take questions and comments.

We hope you can join us!
