Title I Part A, Supplemental Funds Methodology

STATEMENT OF METHODOLOGY

Under federal law, the District must demonstrate the buildings eligible to receive Title I, Part A funds comply with the supplement, not supplant requirement to ensure they do not use federal funds to perform services that would normally be paid with state and local funds. In other words, the methodology for allocating state and local funds to buildings should be “Title I neutral” and does not take the building Title I status into consideration when allocating resources.

CRITERIA USED IN METHODOLOGY

The district uses the allocation of non-federal resources based on the staffing and supplies methodology. The district has five elementary schools and two receive Title 1, Part A targeted assistance funds.

The district uses the same assumptions for all buildings and therefore passes the supplemental funds test.

Contact the treasurer’s office (treasurer@uaschools.org) to obtain a copy of the assumptions and allocations.
