2/3 Graders

It's a Bug's Life
9:00 - 10:30 a.m.

Whether you like bugs or you think they're disgusting, you'll enjoy writing about their wiggly, buzzing lives, from crashing picnics to going on adventures.

4/5 Graders

It's a Whole New World
10:00 a.m. - 12:00 p.m.

You'll combine writing and art in this class while you map your own world, add characters and landscapes, and finish with an illustrated accordion book outlining a fantastic journey.

To Infinity and Beyond!
12:30 - 2:30 p.m.

Join in as we explore the themes around science fiction writing and sci-fi fantasies. The writing activities will incorporate fun science experiments and art to help get your creative juices flowing.

Level up your story ideas! You'll work on ways to build plots, create memorable characters, and write a blockbuster no matter what genre you explore.
